

AADMD PRESENTS: VIRTUAL GRAND ROUNDS CHALLENGING BEHAVIOR IN INDIVIDUALS WITH AN INTELLECTUAL DISABILITY

Dr. Jodi Tate

Jodi Tate, MD is a Clinical Professor at the University of Iowa Hospitals and Clinics (UIHC). She is the Vice Chair for Clinical Services for the Department of Psychiatry and Co-Director of the Intellectual Disability-Mental Illness (ID-MI) Program at UIHC. Dr. Tate received her medical degree from the University of North Dakota and completed her psychiatry residency at the University of Iowa Hospitals and Clinics. She has enjoyed providing psychiatry care to adults with intellectual disability for the past 15 years. She is passionate about educating psychiatric residents, medical students and mental health professionals on how to provide comprehensive care to this population and has received numerous professional awards recognizing her work with this population.

VIRTUAL GRAND ROUNDS

The AADMD Student/Resident Curriculum Sub-Committee is pleased to host an interdisciplinary forum for students/residents and clinicians to learn from experienced peers around cases in a patient-centered manner for interdisciplinary peer-learning for the purpose of encouraging comprehensive care provision to I/IDD.

In this Virtual Grand Rounds, Dr. Jodi Tate will review the most common causes of challenging behavior in individuals with intellectual disabilities (I/ID). One of the major reasons why I/ID interface with the mental health system is because of challenging behavior. Challenging behavior is often a symptom of an underlying illness or skill deficit. It is imperative the health care providers are aware of the underlying causes of challenging behavior to ensure that these individuals receive appropriate care.

Tuesday March 7, 2017 8:30 – 9:30 p.m. Eastern
